Web Developer | WordPress, PHP & Modern JavaScript
Hamilton, ON · 365-888-6947 · oscar.vargas-velilla@mohawkcollege.ca · LinkedIn

Profile

Web Developer and Software Development student at Mohawk College with hands-on experience working in agency and production environments. Comfortable working across different stacks, from WordPress and PHP to modern front-end technologies such as React, TypeScript, and native JavaScript. Known for being adaptable, approachable, and collaborative, with a strong focus on team culture and continuous learning.

Technical Skills

Front-End: HTML5, CSS3, SCSS, JavaScript (ES6+), React, TypeScript
Back-End & Tools: PHP, Node.js, npm, MySQL, Git
CMS & Builders: WordPress (ACF, custom themes), Shopify, Wix, Squarespace, Webflow
Other: Website migrations, 301 redirects, SSL certificates (RapidSSL, Terranet), Technical SEO

Professional Experience

Web Developer / Web Support Developer
Digital Marketing & Web Agency — Canada (Remote)
9 months

• Maintained and supported 70+ production websites across WordPress and other web platforms.
• Developed custom features using PHP, JavaScript, and modern front-end practices.
• Collaborated on 12+ website launches, including large-scale projects such as torqueproductscanada.ca.
• Worked with native HTML, CSS/SCSS, and JavaScript as well as CMS-based solutions.
• Executed website migrations, implemented SEO-focused 301 redirects, and managed SSL certificates.
• Adapted quickly to different stacks, tools, and workflows in a fast-paced agency environment.

Web Developer / Digital Marketing Specialist
AlfaDog Training — Adelaide, Australia
March 2020 – August 2024

• Designed, developed, and maintained WordPress websites using Elementor, PHP, HTML, CSS, and JavaScript.
• Created blog content, updated pages, and ensured ongoing website performance and usability.
• Implemented SEO and SEM strategies to improve visibility and traffic.
• Collaborated with internal teams to enhance digital presence and customer engagement.
